

# PITCHED ROOF COVERED WITH TRAPEZOIDAL SHEET METAL

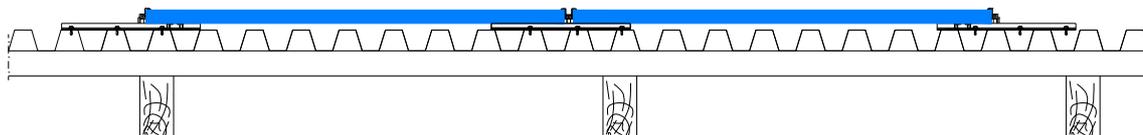

Vertical mounting for pitched roof covered with trapezoidal sheet metal on a short rail 450mm - DS.BT.1V

## Technical specificatin

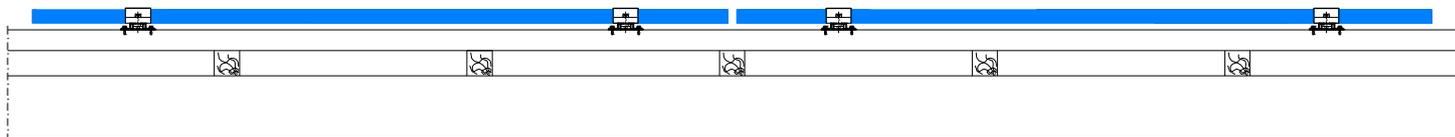

System material	aluminium and stainless steel
Type of roof	pitched roof / trapezoidal
Module orientation	vertical
Mounting system	on the long side, on short rail 450 mm type 101.003
Roof area for 1 kW	6,65 m <sup>2</sup> (for module 1650x992)
Roof load (without modules)	5,47 kg/1kW 0,82 kg/m <sup>2</sup>

cross-section A-A

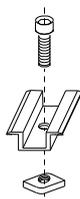

cross-section B-B

closing clamp 102.003  
 allen screw 202.003  
 hammer nut 203.001

middle clamp 102.001  
 allen screw 202.003  
 hammer nut 203.001

trapezoidal mounting rail 101.003  
 bimetallic screw, EPDM, butyl  
 (6 screws for each short rail)
