

# FLAT ROOF AERO S MOUNTING SYSTEM

Horizontal mounting on the aero profile  
 non-invasive - AERO S

### Technical specification

System material	aluminium and stainless steel
Type of roof	flat roof
The angle of inclination	10°, 15°
Module orientation	horizontal
Assembly system	on the long side
Roof surface for 1 kW	8,35 m <sup>2</sup> (for module 1650x992)
Rood load with modules and ballast	33 kg/m <sup>2</sup> (load may vary depending on the location of the facility)

end clamp 102.003  
 allen screw 202.003  
 T-nut 203.001

middle clamp 102.001  
 allen screw 202.003  
 T-nut 203.001

trapezoidal mounting rail 101.003  
 EPDM
